Notes & Details

Cook up hearty portions of rice for your authentic Mexican restaurant, Asian bistro, or on-the-go sushi counter with this Avantco electric rice cooker / warmer! Boasting 1550W of cooking power, this unit can prepare up to 60 cups of cooked rice in 45 minutes or less. This rice cooker is designed to meet the demands of your busy operation. It automatically switches from cooking to warming mode once cooking is complete, so you can be sure that your freshly cooked rice stays at the perfect temperature for your guests.

The easy-to-use control panel features a user-friendly switch with indicator lights to show whether the cooker is in cook or warm mode. This cooker lets you keep the ready-made rice at an ideal serving temperature for up to 12 hours! Plus, its stainless steel lid locks in moisture, retaining heat for maximum cooking efficiency. The lid is removable to make serving and cleaning as easy as possible.

Featuring a stainless steel construction, this rice cooker offers long-lasting durability and easy cleaning while looking sleek and sharp on the countertop. A removable, non-stick aluminum interior pot is ideal for evenly cooking your rice, and its non-stick coating makes serving and cleaning the pot a breeze. Thanks to its two sturdy handles, this rice cooker is easy to transport to wherever is most convenient for your business.

The included clear measuring cup provides quick, accurate portioning of dry rice in Asian standard cups, and the 10 1/2" rice paddle allows you to efficiently mix, scoop, and serve your rice while preserving its consistency. A 120V electrical connection is required for operation.
